

ThinkPad X13 Yoga Gen 3 (Intel)

A perfect blend of portability and performance, this laptop is designed to accommodate any working style, anywhere. Supported by a 360° hinge, this device easily transitions into tent, tablet and stand modes, allowing users to go from presentations to notetaking to emailing and more. The 13.3" screen with 16:10 aspect ratio, 100% sRGB color gamut and anti-glare surface enhance the viewing experience whereas the onboard Dolby Audio, 1080p camera and Dolby Voice microphones enable smooth communication during video and audio calls.

Built for business with cutting-edge technology

ThinkPad X Series ultraportables combine enterprise security, manageability, docking and productivity features into a thin and lightweight design.

The device features Intel W-Fi 6E that lets hybrid workers stay connected with fast and stable internet speeds while on the move. A wide array of standard and optional ports, including Thunderbolt 4 and USB 3.2 Gen 1 helps connecting to external displays, projectors and peripherals.

Power through rigorous work challenges with the onboard 12th Gen Intel Core i7 processors and up to 32GB LPDDR4 memory features. The integrated Intel Iris XE graphics keeps pace with everything that users do day and night.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

Lenovo services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

Premier Support

- Talk directly with advanced technical support agents
- Support for software & hardware
- Next business day onsite repairs

Accessories

Lenovo Pro Stereo Wired VOIP Headset

- USB or 3.5mm analog connection with integrated call controls
- Skype for Business and Microsoft Teams certified
- HD noise-cancelling microphone

PN: 4XD0592991

Lenovo USB-C 7-in-1 Travel Hub

- Connect to a 4K display via HDMI 1.4 (4K @30Hz)
- Quickly charge or transfer data via two USB-A 3.1 Gen 1 ports (5GBps, 5V/900mA)
- Supports legacy devices via USB-A 2.0 (480Mbps, 5V/500mA)
